Webmaster
Greg- Vice President
Ken- Treasurer
Mark H- Raffle Sales Co-ordinator
Rachel- Newsletter Editor

I want to start off that we just received two more JL 71 Camaros for our 2011 Club car. Tom Z sent them to us, one is regular and the other is a White Lightning version. VERY COOL!!! The White Lightning has a white base with white wheels. This special car will be given out random when they are all completed which hopefully will be at our Jan 8 Meeting. I also have been talking with Diane at the RC Outlet store out in Dyersville, Iowa. She has been working hard on getting us the rest of the ones we need to hit the magic number, 15. She called last week and told me she has four more. Now our total is up to 9. I have also been talking with Steve J a JL collector in Chicago and he said he has a couple that we can get off him. The 2011 club cars will be selling for the same price as the last two \$20 for non-members and \$15 for members of the club.

Now on to the DIECAST TOY SHOW, this is coming along great. We are filling up the tables with lots of vendors that will be bringing lots of different types of Diecasts. I would personally like to say THANK YOU to our friend and member Jim Lombardi for promoting this event for us at all the other area Diecast clubs around New England. I have been promoting myself with all of the Diecast forums online, flyers, newspapers, ect. We will be in the November 10th edition in the ProJo. So tell a friend about this event. We want everyone to know about this and our club!!!

December 4th is coming fast so I will have a list of all the cars people will need to bring with them. If you have cars that are being raced in the Finals and you cannot make the meeting you need to get me out 2010 winning cars so we can still race them, don't forget!!!

Well that's it for now, I hope all the kids had a Happy and safe Halloween!!! See you soon!!!

Lets race,
Jeremy

Blogspot from Tom Zahorsky

I am very excited to show off this Mustang from JL2.0 R5. The actual car is owned and raced by Beat the Heat president, Tom Brown. Tom is the '99 and '06 BTH World Champion and it is an honor to work on his car. His 347cid Mustang has run a track best 10.29 @ 129mph. Tom, thanks for supporting Johnny Lightning and we hope for many Beat the Heat releases. We're all looking forward to this release!

This Hugger Orange COPO Camaro 396 is one of four Chevy's scheduled for R11 of Forever 64. There is a Beat the Heat '81 Malibu, '69 Chevy Impala SS, and '76 Corvette. As you can see there is also one Lightning Strike in the assortment. Good luck on the hunt! Visit us on our fan page to see the Black Lightning Mustang Boss 429.
